# WHO WE ARE

Streamline Facilities Solutions is a national property management company specializing in exterior facility services, including landscaping, pressure washing, window cleaning, and project-based work. With offices in Massachusetts, Connecticut, and Florida, we are strategically positioned to support multi-site portfolios across diverse regions.

## OUR MISSION TO BE YOUR MOST RELIABLE & TRUSTED SERVICE PARTNER

Streamline was founded to address critical gaps in the facilities services industry, primarily around communication, accountability, and consistent service delivery. Our mission is to provide exceptional facility care through proactive service models, transparent communication, and direct engagement from ownership.

# WHY STREAMLINE?

## **1. Owner-Led Operations:**

Streamline is an owner-operated business. Our leadership team is involved in every facet, from vendor management to client relations, ensuring high accountability, responsiveness, and quality control.

## **2. Proven Experience:**

We actively support multi-site organizations across the U.S., delivering high-frequency, brand-critical services with a deep understanding of the needed maintenance operations. We know that each location is a direct reflection of a brand, and we take that responsibility seriously.

## **3. Technology-Driven Service Management:**

We are fully integrated with industry-leading platforms including Corrigo, ServiceChannel, and others. These platforms enable seamless workflow management, transparent reporting, and service validation through time-stamped photos and geo-tagging.

## **4. Market-Level Oversight:**

We employ Market Managers, who perform routine QA/QC site visits across client locations, supporting our two-step process (vendor execution + internal inspection) ensuring consistent service quality and immediate resolution of deficiencies.

## **5. Streamlined Communication:**

Streamline provides a single point of contact for all day-to-day operational matters, eliminating confusion and ensuring fast and clear communication.

*“Working with Streamline has been the clearest and most consistent communication I have ever had in business and personal.”*

# QUALITY SYSTEM

## QUALITY MANAGEMENT SYSTEM & TRAINING

Streamline Facilities operates in compliance with ISO 9001 standards, rigorously documenting all processes and applying Lean Six Sigma methodologies to drive continuous improvement. The company develops detailed SOPs, Work Instructions, Job Aids, and Training Guides, all maintained in a centralized digital repository for easy employee access. This ensures consistency, accountability, and adherence to best practices across all operations.

Through ongoing review and updates, Streamline keeps documentation current and reinforces quality standards in daily work. A structured onboarding and training program provides role-specific instruction, equipping every team member to deliver consistent, high-quality service aligned with client expectations.
